

PROFESSIONAL GRADE
ODOR CONTROL

**A NON-AEROSOL
SPRAY THAT ERASES
FOUL ODORS
IN THE AIR,
IN CARPETS,
CLOTHING,
DRAPERIES, ETC.**

**RX 22 HIGH INTENSITY
ODOR COUNTERACTANT
SPRAY**

RX 22 is an instant action odor counteractant that eases foul odors in institutional, industrial and commercial situations. With *AIRICIDE*[®] odor counteractant it is designed to change the size and shape of odorous molecules so they are not recognized as the bad odors they would have been. Then, RX 22 leaves a pleasant residual aroma to freshen articles on which it is used.

As a space deodorizer, RX 22 is superior for spray or fog applications because it travels quickly to every remote part of a room, but has lasting effectiveness...it is excellent as a deodorizer for carpets, draperies, upholstery, bedding, clothing, etc., because it is long-lasting, non-flammable, non-staining and safe for use on colorfast textiles.

Most economical in bulk to fill and refill spray bottles.

One gallon is the equivalent of about 2 dozen aerosols.

Spray in the air, on carpets, upholstery, trash, etc.

Contains *AIRICIDE*[®] for immediate and lasting effectiveness.

RX 22 HIGH INTENSITY DEODORIZING SPRAY WITH AIRICIDE®

BENEFITS

NEUTRALIZES FOUL ODORS with AIRICIDE®, a proprietary odor counteractant designed to link with odor molecules in the air and change their size and shape so that the cilia and olfactory nerves will not perceive the odors as unpleasant.

BEFORE

AFTER

VERSATILE - RX 22 is a unique odor counteractant that can be used as a space spray to ease odors already in the air. Can be sprayed directly on carpets, clothing and other textiles, or sprayed into things such as refuse containers to erase odors there.

COUNTERACTS MALODORS from sickness, human incontinence, animals, pets, pet accidents, sewage, garbage, trash, fats, oils, cooking, fire, smoke, smoking, liquor, beer, chemicals, paints, solvents, insecticides, etc.

HIGH INTENSITY - Many times the concentration and the lasting ability of typical deodorizers and deodorizing sprays. A quick spray is usually all that is necessary where other products are ineffective.

ECONOMICAL - Each gallon is the equivalent in activity to about 2 dozen aerosol cans, but that's only part of the story. The high intensity of RX 22 puts more odor counteractant in every cubic inch of the space or the article treated.

*SAFETY - Safe to use around animals & pets.

To see just how great savings can be, use the chart below to calculate the cost per gallon of the productive contents of your aerosol.

APPROXIMATE COST PER GALLON OF PRODUCTIVE CONTENTS OF A TYPICAL AEROSOL

CAN SIZE	20 oz.	16 oz.	12 oz.
PRODUCTIVE CONTENTS (APPROXIMATE OUNCES)	5 oz.	4 oz.	3 oz.

OR MULTIPLY COST PER DOZEN AEROSOLS BY:	—	—	—
EQUALS A COST PER GALLON OF:	<u>.027</u>	<u>.041</u>	<u>.055</u>

DESCRIPTION

RX 22 is an institutional grade odor counteractant spray that has been intensified for faster action and longer lasting control of foul odors. It employs AIRICIDE® Odor Counteractant designed to merge with and change odorous molecules so they are not recognized as the foul odor they would have been.

USES

Counteracts malodors from smoke, smoking, pets, pet accidents, cooking, sickness, sewage, garbage, trash, beer, wine, liquor, paint, solvents, insecticides, etc. Erases foul odors in the air, in carpets, upholstery, draperies, bedding, in patient's rooms, restrooms, lockers, compactors, dumpsters, closets, air conditioners, etc.
